ALUMNA SPEAKS ON CAREER OPTIONS

Shita Thaman, an alumna of Sri Aurobindo College of Commerce and Management (SACCM 2013-16 Commerce stream) recently visited the college after clearing her IES exam to interact with students of BCom first year. The main motive behind organising the talk was to make students aware of the various career options available to them. She motivated and inspired students to become fully aware of other career options besides IITs and IIMS, like IES/IAS exams. She also shared her strategy of cracking the exam in the first attempt through persistent efforts and clear vision. She also told students to replace social media apps with news blogs, such as the Mint and news-related apps. She explained how even the simplest of topics ignored in the curriculum play a major role in building success, and acknowledged the contribution of teachers and their teachings to students achieving success in life. She was honoured with a memento presented by education director Dr Sushil Kumar, officiating principal Marinal Gupta, and alumni committee members.

'REPORT:: 'A SESSION ON QUANTITATIVE VS MATHS'

Conducted by: Mr. Giri Ratan Gaur, from Times

Conducted on: 6th Feb 2020

Classes attended: BBA IV Sem A and B.Com II Sem B

Mr. Giri Ratan Gaur, Times Institute, Ludhiana conducted a session on quantitative vs maths for the students of BBA IV A and BCOM II B. He gave a brief account on quantitative, maths, aptitude, importance and usage of aptitude and how to crack competitive exams like CAT, GMAT, SSC, CSAT etc. He made the session more interesting by explaining students how to solve CAT questions and giving them CAT questions to solve on their own. He emphasised in the fact that CAT has nothing to do with intelligence. Even an average student can top CAT as it is based upon aptitude. To give more clarity to the students on these exams, he gave a demo class on CAT questions to the students. He solved same question with different methods in order to tell students that there are many methods to solve a question. Also, he gave them different types of questions to solve and told that how it is different from maths. He laid stress on the fact that confidence is gained from knowledge and practice. The more you practice, the more confident you will be while solving questions. Later on, various queries of the students were well responded by him. A feedback form was also filled in by students. In total 110 students attended the session. Overall, this session was very fruitful for the students and will surely have solved all their queries.

REPORT : WRITING AND COMMUNICATING IN ENGLISH

Topic: Writing And Communicating In English

Conducted on: 3 September 2019

Conducted by: Mr. Munish Dewan, IMS Ludhiana

Classes attended: BBA III Sem A and B.Com III Sem A

Mr Munish Dewan started the lecture by highlighting the importance of MBA as a career option. Citing the example of Mr. Mukesh Ambani, CMD, Reliance Industry, who got enrolled into Stanford for MBA before joining his father's business, he emphasized its worth for students from business families as well for inheriting their family business. He motivated the students through showing the video interview of Ms Ushleen Kaur, who did MBA from IIM and now well settled as senior wealth manager at HDFC. Later, Mr Rohit Nayar from IMS took the session on writing and communicating in English. He highlighted the common mistakes of reusing the word having same meaning as of already communicated in the message for e.g. "He has been warned many times repeatedly." He also suggested students to read newspaper daily for enriching their vocabulary. He also gave certain tips for augmenting their vocab bank like associating the word with some image, reading about its roots, and remembering a word along with its synonyms already known to you etc. In total 110 students attended the session. Overall the session was quite informative and students were immensely benefited.

Conducted on: 11th March, 2019

Conducted by: Prof. Ritika Madan from Amity, Chandigarh

Classes attended:- B.Com VI A & BBA VI B

Professor Ritika Madan conducted a seminar on personality development and resume writing on 11/03/19. It was a very insightful seminar, and the interaction between the professor and the children was great.

She shared the 5 hour rule with the students, which involves spending 5 hours a week or 1 hour each day on deliberate learning, also told about how implementing this in our life can help gain some positive personality traits. The principle of 'read - reflect- experiment' was also discussed. She very tactfully and simply explained the art of resume writing and told hacks about the same that can be used for efficient resume writing. Professor also suggested using 3rd party websites like canva.com over traditional MS-Word.

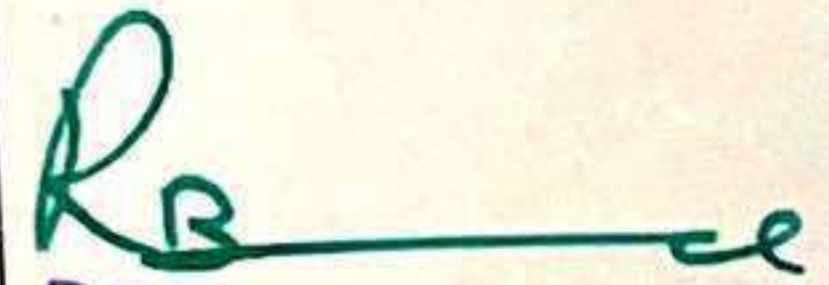

The seminar lasted about 2 hours and was very enlightening. The professor finished the seminar by taking questions from the students. In total 110 students attended the session.

Subject: Scholarships worth Rs 300,000/- to be awarded to students of your institution

Respected Sir,

We know that institutions of repute like yours are concerned about the future of students. We also know that, not every student will have same future plans. Some would be willing to go for higher studies, & some would seek job either in private sector or government sector.

Bulls Eye, which is the market leader in MBA-CAT, Banking, SSC, Govt. Jobs, and Campus Placement preparation in the Northern region has been grooming students for pursuing management education for two decades now. Bulls Eye has trained over 100,000 students so far for different exams.

We are celebrating 20 years of success in the region & to extend our gratitude to students & institutions, we want to award scholarships worth Rs 300,000/- to the students of some of the coveted institution like yours for any of the above mentioned careers.
